PRÉMIOS AÇOREANA
RISK MANAGEMENT
DIÁRIO ECONÓMICO

It is with great satisfaction that we have the honour to communicate that Sonae Indústria is the winner of the Risk Management Award.

The *Açoreana Risk Management Diário Económico* award has as its mission to value those who invest in competitiveness through security and its purpose is to recognize and reward companies and their respective managers, who stand out in the protection of their assets, namely for excellence in risk management.

At Sonae Indústria, Risk Management is fundamental, it is part of the company culture and management processes, being a responsibility of all the managers and employees of the Group, at all levels of the organization.

Risk management is developed with the aim to create value, through the management and control of the opportunities and threats that might affect the goals and the continuity of the business

Sonae Indústria seeks in all its areas of expertise to adopt the best practices which ensure the sustainability of our business. We are therefore very pleased with this award and thank all the teams for this recognition of the adoption of these practices.

Thank you!
